

Corey Stone

Senior / Lead Product Designer | Founding Designer & AI Strategist

Portfolio: coreystone.vercel.app | [LinkedIn](#) | coreywstone@gmail.com | Lawrence, KS | 785-691-8250

👋 I'm an action-biased ambiguity-loving AI-forward product designer with 20+ years leading end-to-end UX for B2B and B2C SaaS in EdTech, HealthTech, and productivity tools. I've been a partner to founders and executives from pre-seed through Series B, translating complex ambiguity into focused product strategy, roadmaps, and high-quality shipped products. I can also build in Cursor, animate, write, and am certified in behavioral design and web accessibility.

SUMMARY OF IMPACT

- Led end-to-end redesign of ACT's test registration flow from 30 to 7 minutes for 3M+ students per year.
- Used behavioral design to increase async student success rate by 8% at Chegg Skills.
- Designed AI-powered staff tools at Chegg Skills that reduced task time by 75%.
- Solo-founded 5 native apps from 0–1, owning product discovery, UX/UI, and go-to-market experiments.
- Founding or first designer at multiple startups, partnering with CEOs and PMs to define product vision.
- Led large-scale redesigns for multiple internal enterprise tools, improving efficiency and transparency.

WORK EXPERIENCE

Chegg Skills — Senior Product Designer

- 03/2022 - Present

Chegg's B2B2C async learning platform for upskilling adult learners, with human coach support.

- Led end-to-end redesign to increase on-schedule rate 8% through behavioral design.
- Designed internal AI-powered student overview dashboard that reduced staff task time by 75%.
- Owned generative and evaluative research to prioritize roadmap and de-risk features.
- Co-owned Figma design system and DesignOps to improve handoff and reduce dev rework.
- Mentored a designer and partnered with product and engineering to align OKRs and launch milestones.
- Created micro-animations in Rive to add UI delight and communicate complex states.

SchoolLinks — Senior Product Designer

- 05/2021 - 03/2022

EdTech startup with a staff and student-facing college and career responsive SaaS platform.

- Owned interaction design and UX for high-usage staff and student workflows, turning complex requirements into intuitive, efficient SaaS experiences.
- Elevated UX maturity by standardizing patterns, refining the Figma design system, and coaching product/development partners on best practices.
- Established research foundations by defining key personas and launching a User Council, enabling continuous usability testing and more informed roadmap decisions.

Owl Health — Founding Product Designer

- 08/2019 - 05/2021

HealthTech B2B SaaS startup providing mental health symptom tracking for clinicians and providers.

- Led end-to-end product design with CPO including data visualization, analytics, and check-in flows.

- Created ED triage flow product vision concepts and prototypes for a successful \$15M Series B fundraise.
- Built and maintained design system to accelerate UI delivery and improve consistency.

ACT – Senior Product Designer

- 08/2016 - 08/2019

ACT.org (SAT's competitor) administers college placement tests to 3M+ students each year.

- Led end-to-end redesign of ACT's complex test registration flow from 30 to 7 minutes, increasing completion, reducing support, and meeting 60 years of business rules.
- Co-created ACT's design system and helped establish a user-centered design process.
- Partnered with cross-functional leaders to design a credential-based, 2-sided job marketplace SaaS.

Kleinfelder – UX Specialist

- 08/2013 - 08/2016

Global civil engineering & construction services firm with 100+ offices.

- Reduced enterprise billing delays by millions via user research, quick UX fixes, and redesign roadmap.
- Improved completion rates and process time for internal Health & Safety SaaS for field and office staff.
- Improved project & safety metrics through data-transparent behavior-driving Intranet dashboards.
- Saved staff time and context switching with a 0–1 Project Hub that became a highly adopted daily tool.

University of Kansas – Lead UX Designer & Digital Team Manager

- 08/2006 - 08/2013

- Led redesign, replatforming, and information architecture of the million-page KU.edu web presence.
- Designed award-winning Admission site, home page, and responsive templates.
- Managed a team of 3, wrote design guidelines, and gave usability guidance to campus units.

Cerner/Oracle – Senior Visual Designer

- 08/2004 - 08/2006

- Designed intuitive, efficient task flows and UIs for enterprise medical SaaS EHR used by clinicians.
- Initiated a new global navigation system for the medical chart that doctors loved.

EDUCATION

- **Industrial Design BFA**, University of Kansas
- **Ergonomics / Biomechanics / Exercise Science MS**, University of Iowa
- Seth Godin's altMBA, Irrational Labs' Behavioral Design Cert, Deque's Web Accessibility Cert, 2023

SKILLS & TOOLS

- **Discovery & research:** User interviews, usability testing, A/B testing, survey design, mixed-methods research, UserTesting, LLM-assisted analysis, Perplexity
- **Product & strategy:** Product discovery, product strategy, roadmapping, OKRs & KPIs, Product–Market Fit, Go-to-Market (GTM), stakeholder management, UX writing, FigJam
- **Interaction & UI design:** End-to-end 0–1 product design, interaction design, information architecture, UX/UI design, visual design, wireframing, journey mapping, microinteractions, accessibility (WCAG).
- **Systems & prototyping:** Cursor, Figma Make, Figma design systems, responsive web design, rapid prototyping, high-fidelity AI prototyping, Rive animation, Axure RP.
- **Delivery & collaboration:** Agile/Scrum, Jira, Linear, Notion, Miro, Slack, Loom, HTML/CSS, GitHub.
